Only Believe

Luke 8:50 - Jesus answered him, 'Do not be afraid; only believe, and she will be made well...'

In Scripture a man came to Jesus and said, "My little daughter is very sick. She is close to death. Will You come to my home and pray for her?" Jesus agreed. But along the way He kept getting stopped, one interruption after another. Finally, word came back to Him saying, "No need to come. You've waited too late. The little girl has died."

The people were upset and very distraught. But Jesus said to them "Don't be afraid. Only believe. The little girl will be well." Notice the phrase "only believe." Jesus went to the home, laid hands on the little girl, and she came back to life.

Are you facing a situation that seems impossible? In the natural, you don't see how you can get well... How you can overcome the addiction... How your family can ever be restored. God is saying to you what He said to them, "If you will only believe, I will turn the situation around. If you only believe, breakthroughs are headed your way!"

When the Intensity Gets Turned Up

1 Chronicles 16:35 - Save us, O God of our salvation, gather and deliver us from among the nations, that we may give thanks to Your holy name and glory in Your praise...

Whenever life gets difficult and it seems like the intensity has been turned up, that means you are closer to your victory. When those lies are bombarding your mind, when you're tempted to get discouraged or feel like throwing in the towel, that's not the time to back down. That's the time to dig your heels in and put on a new attitude because you are closer to your victory.

Maybe you've had a lot of things come against you. It seems like the more you pray the worse it gets. You're doing the right thing, but the wrong thing is happening. It is easy to say, "Forget it. I don't have to put up with this." "This marriage is never going to work." "I'll never be able to raise this child." "I don't like this job."

No, instead of getting discouraged, going around sour and bitter, you need to say, "I've come too far to stop now. I've been through too much to back down. I realize the reason the intensity has been turned up is because I'm about to embrace the victory God has in store for me!" Keep standing, keep praying, keep hoping, stay in faith - and when the intensity gets turned up, you will walk in victory!
