## Another Victory Is On The Way

**2 Corinthians 2:14** - Thanks be to God, Who in Christ, always leads us in triumphant procession... and through us spreads the fragrance of the knowledge of Him everywhere...

Are you facing challenges or difficulties today? Maybe something has happened that could easily discourage you. Maybe it caused you to give up on your dreams. I want to remind you today that where you are is not where you are going to stay. God has a good plan in store for your future. When you stay in step with Him, you'll walk right into victory.

God wants to take us from glory to glory, from victory to victory. Even if you are between victories right now, keep your passion. Keep your enthusiasm. Focus on the fact that God has another level for you - another level of glory, another level of increase, another level of His favor.

I encourage you, put a smile on your face. Give Him your best. When you thank God for what He has done, you are sowing a seed that He will use in your future. Keep praying, keep believing, keep hoping and stand strong because another victory is coming your way!

## When To Turn Away

**Psalm 119:37** - Turn my eyes away from worthless things, preserve my life according to Your Word.

To live the life of victory God has promised, we need to be very selective about what we give our time and attention to. We must recognize which thoughts to ignore, which comments to ignore, and sometimes, which people to ignore. Not every "battle" is something you are supposed to fight. Many battles are simply distractions to lure you off course. If that battle is not between you and your God-given destiny, it's a battle you should ignore.

Many people get thrown off course because they are always trying to straighten everyone else out or win their approval. But if that's your focus, you are wasting valuable time and energy that you should be using to pursue your dreams. Turn away from that distraction! You don't need the approval of everyone around you; you only need God's approval!

It is very liberating when you realize you don't have to fight every battle. You don't have to straighten people out. You don't have to pay somebody back. Instead, focus on what matters. Focus on God and His Word. You can live in peace and happiness every day of your life!
