*"It is difficult to stand on a pedestal and
wash the feet of those below."*

– Colson

Increase Your Capacity to Receive

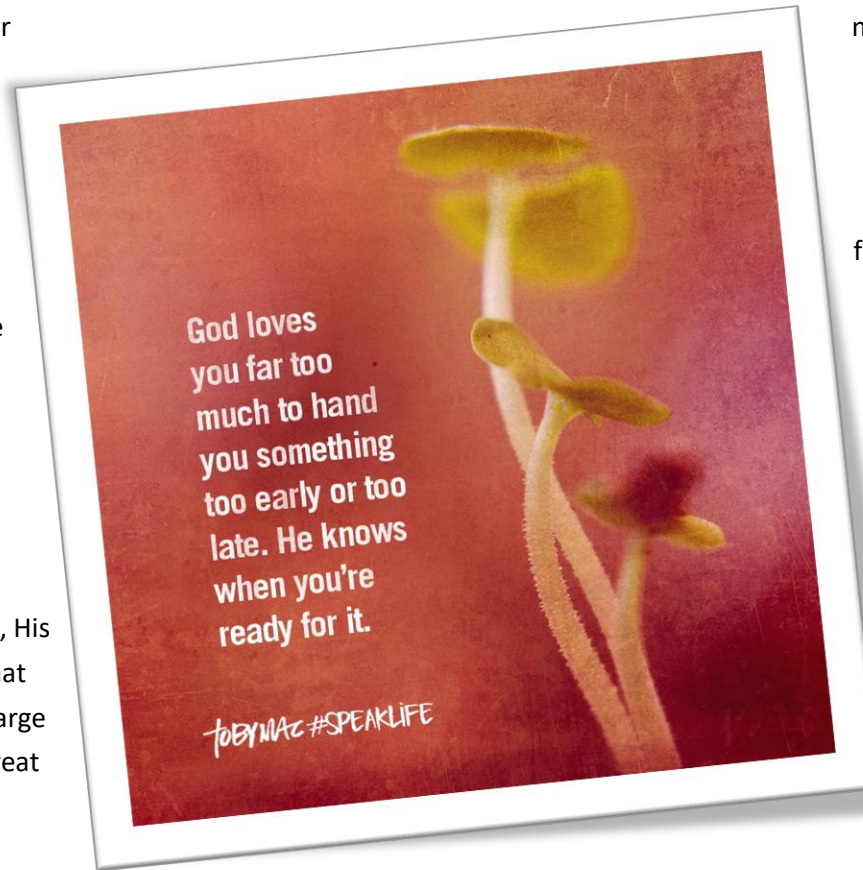

Isaiah 54:2 - Enlarge the place of your tent, stretch your tent curtains wide, do not hold back.

God has many blessings in store for your life! He has favor in your future like you've never imagined. He wants to take you places that you've never even dreamed of. But in order for us to partake of all these blessings, we have to increase our capacity to receive – increase our faith.

If you have a one-gallon bucket and someone has fifty gallons to give you - the problem is not with the supply - the problem is your capacity to receive. We must get rid of the “small container” and increase our faith - to receive more.

It is the same with God. If we think we've reached our limits - the problem isn't God, His resources, or His ability. The problem is that our “container” is too small. We must enlarge our vision. We must make room for the great things God has for us.

Our attitude should be “I know God is still on the throne. And His goodness and mercy follow me wherever I go.” When you have that kind of outlook in life – you are increasing your capacity to receive. In this place you can truly live the abundant life He has in store for you!

New Provision

Philippians 4:19 - And my God shall supply all your need according to His riches in glory by Christ Jesus.

When the people of Israel were in the desert on the way to the Promised Land, God gave them manna to eat. That was good. It sustained them for a while, but it wasn't permanent provision. Eventually, the manna stopped coming. The people had to move forward, and then God gave them quail. They were so excited. That fed them for a while, but it was also temporary.

God gave the Israelites temporary provision on the way to the Promised Land where they would have permanent provision. The fact that God had something much greater in store for their future is what kept them moving forward. God could have sustained them with manna or quail, but God is about increase and promotion. He works in seasons. And He always has something better in store.

Don't get stuck in a rut and think that one way is going to last forever. Instead, stay open and be willing to change, make adjustments, make corrections or try something new. If the “manna” stops coming, don't get upset. Just keep moving forward and be on the lookout for the new provision God has in store for you!
